Storage solutions for every home...

CANYON CREEK
Cabinet Company
CLOSETS PLUS

Storage Solutions

Home organization is not only possible, it's easy with Canyon Creek's Closets Plus. From the pantry, mudroom or linen closet to the walk-in of your dreams, we can help you put your stuff in its place.

This book is full of ideas to get you started on the path to an organized home. Call our customer service department at 800-228-1830, ext 299, to get in touch with a designer that can make it a reality.

Reach-In Closets

Walk-In Closets

Pantry Systems & More

No matter what type or size of space you need to organize, Canyon Creek's Closets Plus will help you to enhance the look of your home.

Closets Plus includes shelving and cabinetry to fit every style and budget, from natural maple and cherry wood on particleboard or plywood, to quality melamine and thermofoil products.

Flexible Storage

Transform your closet and solve the clutter problem with accessories and features that make your closet feel larger. Adjustable shelves and closet rods make it easy to create well-crafted spaces in your home storage design.

FAR LEFT: A Laundry Valet is a convenient place to hang dry cleaning or the next day's outfit.

NEAR LEFT: Pull-out wire baskets and pouches keep items of any size or shape neat and tidy.

Wardrobe Lift

When you have high ceilings, it can be difficult to access items on higher shelves, and higher closet rods are impractical. Consider adding a Wardrobe Lift—the entire mechanism pulls out and down and puts all of your hanging items within reach. (Shown retracted at right.)

Effective, Stylish Organization

Effective organization is all about having the right place for each item. Accessories such as angled shoe shelves, wicker baskets, and pull-out pants racks give you storage that's convenient *and* looks great. Add roomy pull-out hampers to cut down on trips to the laundry room—so you can make the most of your space and your time!

Styles To Fit Every Home

Whether your taste is traditional or modern, you'll appreciate the beauty and quality of Canyon Creek's Closets Plus. The collection includes mouldings and columns to dress up a large walk-in, and door and drawer front options that will help keep your home looking its best.

Canyon Creek's Closets Plus uses a hanging rail system that allows for easy, accurate installation. The rails can be hidden behind basic covers (left) or a deluxe cover that matches the panel material (right).

Setting the Stage

If you have the space, a walk-in closet is more than just a place to keep your clothes—it's the space where you can change your entire look.

Custom storage details like the hutch along the back wall put your favorite accessories on display to create the feeling of an exclusive boutique—complete with acrylic panels in the doors to protect the contents.

Closets designed for children can be easily modified as they grow older with adjustable rod and shelf heights. Our experienced design consultants will collaborate with you to create beautiful, functional storage areas for family members of every age.

Reach-Ins for Every Size And Need

If your closet is limited in size, we can help you create ample storage by utilizing every inch of available space.

DESIGN NOTES: Add a fun, colorful touch to a child's room with bright, easy-to-clean basket wraps. For a teenage girl, a fold-away mirror (shown at far left) is the ultimate glamour-girl accessory!

The Pantry

Organize your pantry with adjustable shelving and clever storage options designed to make your life easier. Whether you have a large or small pantry area, we offer the perfect components to complement your kitchen.

DESIGN NOTES: Baskets—whether wire or wicker—are a natural in the pantry, and canvas liners will help contain spills and make messes easy to clean up. While doors and drawers can hide items you don't want to see every day, acrylic panels are a great way to keep serving dishes visible.

High-traffic mudrooms can be kept clutter-free with hooks, baskets and drawers to corral backpacks, gloves and more. Now everything has its place—and the dirt stays out of your house!

Accessories

Standard Pole – Oil Rubbed Bronze

Deluxe Pole – Oil Rubbed Bronze

Standard Pole – Satin Nickel

Deluxe Pole – Satin Nickel

Standard Pole – Polished Chrome

With Canyon Creek's Closets Plus, you have the ability to create a storage space that is both functional and elegant – it depends on the options and accessories you choose. All of our accessories and hardware are available in either Satin Nickel or Oil Rubbed Bronze; Polished Chrome is available on selected items.

Pull & Swivel
Ironing Board
and Mirror

Here's a great space-saving idea! The ironing board and mirror tuck neatly away next to your long-hang items, and simply swivel out when needed. No more wrestling with the ironing board, and the mirror is only visible when you want it to be.

A: The ironing board in the fully closed position.

B: Shows the ironing board swiveled out; pull down on the top bar to extend legs.
